“THE QUALITY ALTERNATIVE”

Save Money without Sacrificing Quality

- CMC Business Systems cartridges are made in the USA and Canada while a majority of other toners are manufactured overseas.
- An Economical Alternative
Particularly with the recent increases in prices on OEM supplies, high-quality aftermarket supplies provided by CMC Business Systems are a viable alternative. No sacrifice in quality or delivery, and discounted costs.
- Environmental Consideration
Even in the shaky economy, “green” initiatives are still popular. What easier way to accomplish this than switching imaging supplies?
- Mature and technically advanced, quality is equal to the OEM

Commitment to Quality

We understand the importance of producing a quality product and how difficult it is to compete without quality. This objective is ensured through our rigorous forms of research and testing. Every CMC Business Systems compatible cartridge is tested prior to leaving the facilities, which results in outstanding quality. CMC Business Systems compatible cartridges are manufactured in accordance with ISO 9001:2008 certification standards.

Quality Assurance is established by following these standards and procedures, along with continuous inspection throughout all phases of production. The results are exceptional quality on our entire line of imaging supplies. We are consistently evaluating the OEM and other competitor's cartridges to benchmark our quality.

Accreditation

ISO 9001 Certified Quality Management System

is an international standard that defines models of Quality Systems and policies. Our Quality Policy complies consistently with our customers' expectations and specifications requirements. Employees are made aware of the company policy through quality audits, quality assurance procedures and employee training.

STMC Certification is scientifically conducted Standardized Testing that judges quality and product improvements in an unbiased and scientific manner. This is a method utilized to prove our cartridges perform as we say they do, and that the yield and quality meet or exceed that of the OEM.

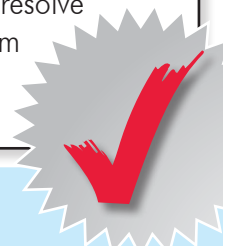

Warranty

For a period of one year from the purchase of any product from CMC Business Systems, we guarantee that under normal use and storage conditions, your product will perform to your satisfaction.

If you are not satisfied with your product, please contact your CMC Business Systems representative and we promise to resolve your problem quickly.

100% Satisfaction Guarantee

If for some reason a CMC Business Systems cartridge is not performing to our strict specifications, immediate action will be taken to resolve the problem and prevent it from reoccurring.

COLOR

Tremendous improvements have been made to aftermarket color. Our research and development department has been working diligently to develop higher quality products that will perform to the OEM standard. We continuously perform testing on all supplies to ensure that this improved quality is passed onto our customers.

Environmental Commitment

By choosing CMC Business Systems compatible toner cartridges, you are helping to ease the burden of e-waste on the environment. CMC Business Systems takes pride in helping organizations become more environmentally responsible, while helping to reduce the cost of printing in the office. We are dedicated to minimizing environmental damage and to providing a clear and positive environmental alternative.

- Each cartridge that is remanufactured saves approximately 1 gallon of oil.
- Every 6 months the remanufacturing industry saves 11 million gallons of oil. This is equal to the amount of oil that was spilled in the Exxon Valdez disaster in 1989.
- Our boxes are composed of three layers of recycled material.
- No hazardous chemicals or resources are used in the manufacture of our boxes.

We Will Collect Your Used Cartridges

As part of our commitment to the environment, we offer multiple options for the convenient return of your empty cartridges. Contact your CMC Business Systems representative to learn more about how our imaging supplies can help you make a difference in our environment.

Not Recommended by CMC Business Systems

Toner Cartridges Known as "Drill and Fill" - A hole is drilled into the side of the empty cartridge and is then filled with toner and sealed. CMC Business Systems does not sell "Drill and Fill" products as we cannot guarantee the performance or quality of these products. The toner from "Drill and Fill" cartridges is likely to leak and can cause significant damage to the printer.

FAQ's

Why should I choose a CMC Business Systems compatible cartridge?

While being extremely economical and environmentally friendly, CMC Business Systems compatible imaging supplies are tested and manufactured in an ISO 9001:2008 certified facility. We pride ourselves on offering a quality product. From business documents to logos and graphics, CMC Business Systems compatible cartridges deliver the performance you require, from first print to last! A savings of 30% - 50% can be realized when compared to the OEM.

Will a CMC Business Systems compatible cartridge void my printer warranty?

No! The use of a compatible toner cartridge in your printer will not affect nor will it void your printer warranty.

Will a CMC Business Systems compatible cartridge last as long as the original (OEM)?

Our cartridges are designed to OEM specifications for yield, and will produce the same number of pages under normal printing conditions.

For those requiring additional yield, Extended Yield cartridges are also available for some models.
